

Buggy Cars Rating – Defects

- 1) Defect – The ‘Buggy Rating’ link on the ‘Popular make’ page does not take the user back to the dashboard/home page.

Link: <https://buggy.justtestit.org/make/c4u1mqnarscc72is00ng>

Priority: P2

Severity: S3

Steps:

- 1) Logon to '<https://buggy.justtestit.org/>' using the following user:

Username: TestWestpac1

Password: Password@1

- 2) Click on the 'Popular make' link on the left section of the page

- 3) While on the 'Popular Make' page (<https://buggy.justtestit.org/make/c4u1mqnarscc72is00ng>), click on the 'Buggy Rating' link on the top left

Expected result: The user needs to be redirected back to the home page

Actual result: The user remains on the Popular make page

Comment: It appears that the link points to “https://buggy.justtestit.org/broken’ whereas it needs to point to ‘https://buggy.justtestit.org/’

2) [Defect 2 – Authors of comments are either not recorded or not displayed for comments on the ‘Popular Model’ page or on selecting ‘View more’ for comments on other pages.](#)

Link: <https://buggy.justtestit.org/model/c4u1mqnarscc72is00ng%7Cc4u1mqnarscc72is00sg>

Priority: P2

Severity: S1

Steps:

1) Logon to ‘https://buggy.justtestit.org/’ using the following user:

Username: TestWestpac1

Password: Password@1

2) Click on the ‘Popular Model’ link on middle of the page

3) Scroll below on the ‘Popular Model’ page into the comments section and verify the author column.

4) Similarly navigate to the Popular Make and Overall Rating Tabs as well from the home page and click on ‘View More’ against any of the comments.

Expected result: The user needs to be able to see the authors of the comments.

Actual result: The author fields remain blank for all comments

Comment: It appears that either the author is not recorded in the first place or is not being displayed. If this is not meant to be a feature, then it is recommended that the author field be removed from display.

always at the core of all innovation to create a car that is a natural extension of the l

- 3) [Defect 3 – No comments are displayed for Lancia – Stratos on the Overall Rating page \(Pagination 4\). Clicking the link results in an unstable application.](#)

Description: Clicking on the link results in a blank page while the application is does not display any further data even on the home page.

Link: <https://buggy.justtestit.org/overall>

Priority: P1

Severity: S1

Steps:

1) Logon to 'https://buggy.justtestit.org/' using the following user:

Username: TestWestpac1

Password: Password@1

2) Click on the 'Overall Rating' link on the right of the page

3) Click the next pagination link below on the bottom right of the 'Overall Rating' until we get to 'Lancia - stratos' (typically on page 4).

4) Locate the comments section of the object.

5) Click on the image that relates to 'Lancia – Stratos'

Expected result: The user needs to be able to add votes and see the comments for Lancia Stratos.

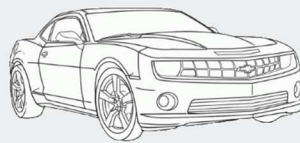

Actual result: The comments are not displayed for the same and neither is anyone able to add votes. The application becomes unstable on selecting the 'Lancia – Stratos' object.

Comment: It appears that at some point votes or comments were allowed to be added to the page at but are no longer possible. The application does not show any more data upon clicking this link.
